Subject: Scheduling harbor model training with HDR HydroQual - please respond to Doodle with your availability

As agreed, HDR HydroQual will be providing 6 hours of training on the use of their harbor models to the States of New York and New Jersey, as well as EPA. The training can either be done all in one 6 hour day with a lunch break, or as two separate 3 hour sessions on different days. We will choose the times based on responses to the Doodle.

Barbara and Angus, please forward this Doodle it to all appropriate staff.

<http://doodle.com/vw2neryyx8hdtwi7>

The training will be conducted remotely via webinar, or if you prefer, arrangements can be made for you to sit in at HDRs Offices in Mahwah.

Thanks, Bob
